

**Sustainable Pacific Grove presents**

# ***“No” to oil dependence “Yes” to local resilience***

**Community Choice Aggregation (CCA), created by state law AB117,  
empowers us to make the transition.**

**Don Prescott, CCA expert and advocate,  
will explain how a local government can  
buy energy independent of PG&E.**

**Many California communities are actively organizing CCAs  
and Marin County is already enjoying the benefits:**

- **energy greener than PG&E’s current mix.**
- **local green energy production.**
- **competitive rates.**

**Wednesday, March 14 @ 7 pm  
P.G. Museum of Natural History  
Central & Forest Avenues, Pacific Grove**
